A. W. FLEMMING.

[To accompany Bill H. R. No. 469.]

MARCH 23, 1860.

Mr. Hall, from the Committee on Invalid Pensions, made the following

REPORT.

The Committee on Invalid Pensions, to whom was referred the petition of A. W. Flemming, report:

That they have had the same under consideration, and find from the evidence in the case that the petitioner was wounded while in the naval service of the United States, in the discharge of his duty in Florida, in December, 1839; that his wounds were of a serious character, and have disabled him for life; that he is unable to perform manual labor, by reason of his wounds. It appears further, that he was pensioned by the government, receiving from the 20th day of December, 1839, to May 1, 1851, a pension at the rate of four dollars and fifty cents per month, and that since May 1, 1851, he has received six dollars per month.

Your committee unanimously concur in the belief that the case is of merit, and deserving of further aid; they therefore recommend that the prayer of the petitioner be granted, which is to allow him, out of the Treasury of the United States, the sum of two hundred and four dollars, being the difference between the amount of pension received from December, 1839, to May, 1851, and that which he would have

received if pensioned at full pay.

A. W. FLHMMING.
